

FAA Safety Team presents:

IMC Club Lincoln Park Chapter Meeting

IMC Club, through its nationwide chapters, provides organized “hangar flying” focused on building proficiency in instrument flying. IMC Club believes that safety and proficiency are developed through education and experience.

Monthly meetings use real world scenarios to engage our members and allow them to share and build their experience. Open to everyone. You do not have to be instrument rated to attend. Click on the link below and register TODAY. Even if you have attended past events, registration is required for each meeting.

Please bring your iPad or other device so you can look at charts as we discuss a real-world instrument flying scenario.

Directions: Aero Safety Training is located between the hangars on the corner of Jacksonville Road and Beaver Brook Road. Beaver Brook Road is also known and mapped as Hillview Road. Parking is available in the main parking lot for Sunset Pub & Grill. Walk through the gate to Aero Safety. Meeting will be held in the conference room.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
